Kathy's Corner.....

As we celebrate the end of another successful term, I would like to congratulate everyone—children, staff, and parents—on their hard work and dedication. Our collective efforts continue to create an environment where every child can succeed and feel valued.

Our children have shown remarkable dedication to their learning, consistently striving to reach their goals. One of the most significant aspects of this term has been the emphasis on building resilience and developing meta-cognitive skills. Annabelle, Jack, Edie, Michael, Cate, Patrick, Hannah and Oliver have faced challenges with a positive mindset, learning to persevere through difficulties and setbacks. They have become more reflective learners, thinking about their thinking, and understanding how they learn best. Sharing their insights has brought many happy moments for us all. We really do have a special group of children!

Our school's positive environment is a testament to the positive behaviour and friendships fostered among our children. They have consistently demonstrated kindness, respect, and cooperation and always, are there for each other.

Thank you for your ongoing support and commitment to our school community. I wish you all a restful and enjoyable break.

Keep Smiling!

"How do we move people from their point A to their point B?"

It is not about people all moving to the same place at the same time, but all moving forward at their own pace, together.

School Uniforms

Reminder can all students please remember to wear their school uniform to school.

What do you see? Kids, a sandpit, play? Sooo much more? Our kids are obsessed with building mines and constructing mining roads. I love kidwatching and listening to their conversations, asking a question or two as I discover so much about their thinking, problem solving, resilience and collaborative skills. On Friday, their mission was 'Oliver is laying the foundations and we're compacting the roads so they are strong and dense'. 😊

Congratulations!

Congratulations to Jack, Edie, Hannah, Michael and Patrick for exceeding the School Improvement Measure of 90% Attendance for Semester 1 2024!
